Includes an extra  
row! – product\_id  
= 2 – unit\_price =  
2.25

The screenshot shows the phpMyAdmin web interface. The top navigation bar includes tabs for Structure, SQL, Search, Query, Export, Import, Operations, Privileges, Routines, Events, and More. The left sidebar shows a tree view of the database structure, with 'product' selected. The main area displays a SQL query: `SELECT * FROM product WHERE unit_price <= 2.25;`. Below the query, a green status bar indicates 'Showing rows 0 - 4 (5 total, Query took 0.0003 seconds.)'. The results are shown in a table with 8 columns: product\_id, product\_name, description, unit\_price, units\_stocked, supplier\_id, and category\_id. The table contains 5 rows of data. At the bottom, there are controls for 'Show all', 'Number of rows' (set to 25), 'Filter rows' (Search this table), and 'Sort by key' (set to None).
